CAREER SUMMARY

Full Stack Developer (Fresher) with hands-on experience in building web applications using React.js, Node.js, PHP, and MySQL. Skilled in developing REST APIs, responsive user interfaces, and implementing role-based access control. Completed internship in an Agile development environment with experience in Git and GitHub version control. Seeking a Full Stack Developer role to contribute to scalable and high-performance web applications.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React.js

Backend: Node.js, PHP

Database: MySQL, MongoDB

Tools: Git, GitHub, Visual Studio Code

Languages: Python

Concepts: JSON Web Token Authentication, REST API Integration

INTERNSHIP EXPERIENCE

Web Development Intern – HexSoftwares, Kanpur, Uttar Pradesh, India

July 2025

- Developed web applications using React.js, Node.js, Express.js, and MySQL in an Agile development environment.
- Designed responsive user interfaces using HTML and CSS, improving user experience across multiple devices.
- Integrated REST APIs and performed debugging to enhance application performance.
- Used Git and GitHub for version control and collaborated with team members on feature development.
- Participated in requirement analysis, development, testing, and deployment of application modules.

PROJECTS

Get Me Chai – Full Stack Food Ordering Web Application

January 2026

- Built a full-stack food ordering platform using HTML, CSS, JavaScript, PHP, and MySQL with secure user authentication.
- Implemented shopping cart, order placement, and integrated an online payment gateway for secure transactions.
- Optimized backend performance using PHP, achieving a 20% improvement in API response time.
- Managed database operations for users, orders, and products using structured SQL queries.

FlexiLeave – Web-Based Leave & Attendance Management System

August 2025

- Built a web application with role-based access control (User/Admin modules) using HTML, CSS, JavaScript, PHP, and MySQL.
- Built admin panel for approving/rejecting leave requests, task assignment, and dynamic department management.
- Integrated attendance management system, enabling users to mark daily attendance and track leave approval status.
- Digitized organizational workflows, demonstrating understanding of enterprise-level business application design.

EDUCATION

Master of Computer Applications (MCA)

2024 – 2026

Dr. A.P.J Abdul Kalam Technical University, Lucknow, Uttar Pradesh

Bachelor of Science – Physics (Hons.), First Division

2023

Maulana Mazharul Haque Arabic & Persian University, Patna, Bihar

CERTIFICATIONS & ACHIEVEMENTS

- KYP Certificate – IT, Language & Soft Skills
- SkillBridge Certificate – Verbal & Professional Skills (Crack-ED + Axis Colleges)
